Due to the growth process of the diamond, a deviation of up to 0.04 carats may occur. If the weight of the diamond is less than agreed upon in the order, we will reduce the price of the diamond accordingly. If the weight of the diamond is greater than agreed upon in the order, we will not increase the price. We will be happy to calculate your terms and conditions for further cuts or sizes on request. Several diamonds can be produced from one source. In this case, the price for the second and each additional diamond is reduced by 10%.

Payment terms

We ask for a deposit of 50% when the order is placed. After receiving the first payment, we will start production. The remaining amount must be paid before the diamond is delivered.
